Contact list

Here you will find your complete contact list.

If a contact is **highlighted/bold** it means that this person is using the App, too, and can be contacted securely.
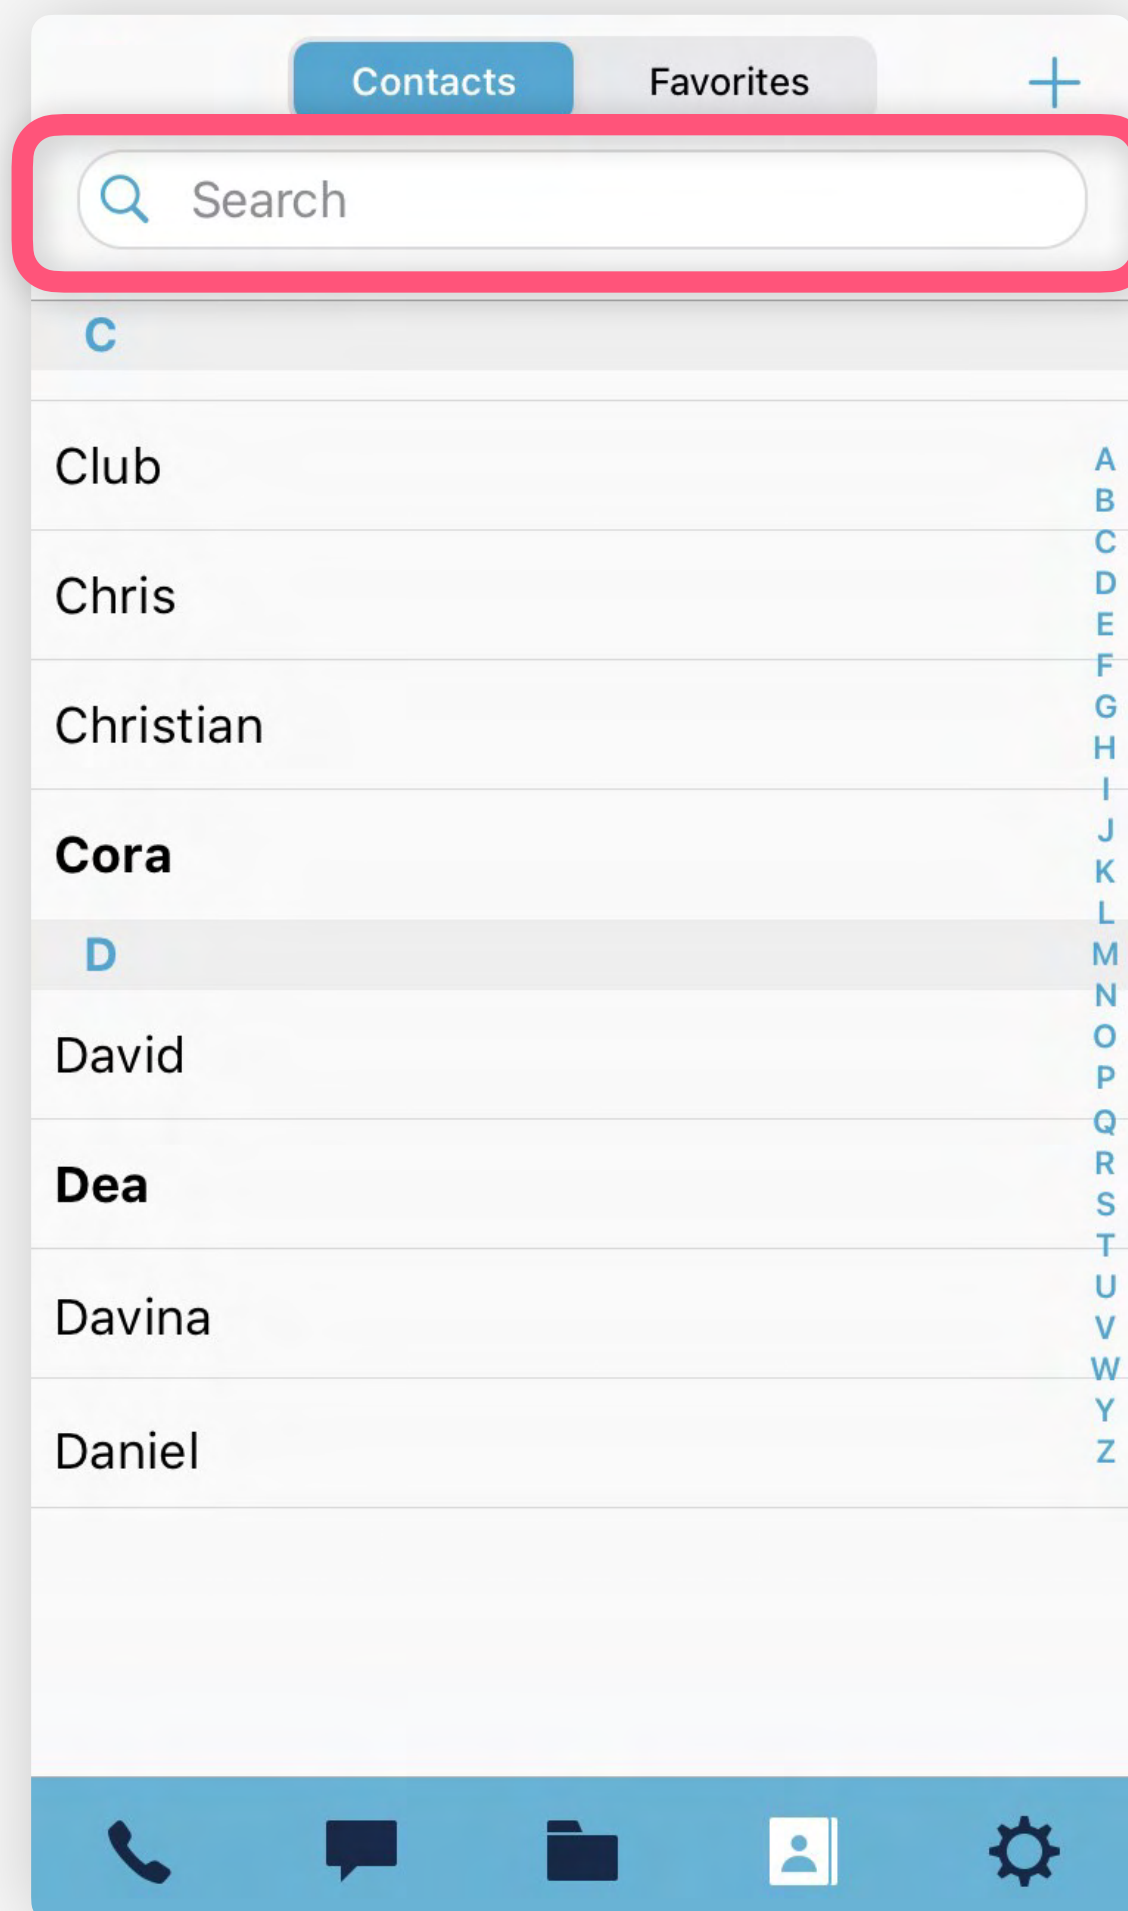

Hint: If your contact list appears empty or not complete, you can ask the App to update it by resyncing your contacts.

Go to ⚙️ Settings → Scroll to the end → Click on 📇 Resync contacts

Then, go back to the contacts and check the list again.
